TO: Each Health Deputy

FROM: Patrick L. Ogawa, Director 
Alcohol and Drug Program Administration

SUBJECT: **FUNDING REALLOCATION FOR INTERCONNECTION CENTER, INC.,
CONTRACT NO. H-701349**

This is to inform you that we plan to amend the County estimated maximum obligation and corresponding maximum allocation for Interconnection Center, Inc. This agency's agreement provides flexibility to adjust funding allocations, and contains provisions that authorize the Director of Public Health or his designee to make such funding changes.

I am recommending this funding reallocation to enable the agency to maximize contract services and funding. Alcohol and Drug Program Administration is proposing to adjust the contract as indicated in the following attachments:

Attachment 1 - Description of the services affected by this amendment
Attachment 2 - Agency's current and proposed funding amounts

If you have any questions or need additional information, please let me know.

Outpatient Drug Free Services (Federal Drug/Medi-Cal)

Outpatient drug free services include crisis intervention, counseling, and client referral services for people who are Medi-Cal eligible. Clients receive counseling at least twice within each thirty (30) day period.

Day Care Habilitative Services (Federal Drug/Medi-Cal)

Day care habilitative services are non-residential programs which provide counseling and rehabilitation services to people who are Medi-Cal eligible. Clients participate in scheduled, formalized services three (3) or more hours per day, but less than twenty-four (24) hours, throughout the day at least three (3) times per week. Program services are available for a minimum of six (6) hours per day, six (6) days per week.

Perinatal Day Care Habilitative Services (Federal Drug/Medi-Cal)

Perinatal day care habilitative services are non-residential programs which provide treatment and recovery services to pregnant and postpartum women who use alcohol and/or other drugs, and their children. These programs provide services that are more intensive than a visit but less extensive than a 24-hour residential service, in a clean, alcohol and drug free, sober environment. Program clients participate at least three (3) hours per day, three (3) times per week and return to their own residences at night. Program services are available for a minimum of six (6) hours per day, six (6) days per week. Priority admission to the program is given in the following order: (a) pregnant injecting drug users and (b) pregnant women using alcohol and/or other drugs.

Perinatal Residential Habilitative Services (Federal Drug/Medi-Cal)

Perinatal residential habilitative services are provided within non-institutional residential facilities where pregnant and postpartum women who use alcohol and/or other drugs are supported in their efforts to restore, maintain and apply interpersonal and independent living skills, and access community support systems. Programs provide a range of activities and services for individuals who would be at risk of hospitalization or other institutional placement if they were not in a residential treatment program. This is a structured program with services available twenty-four (24) hours a day, seven (7) days a week.
